Spartans:

At ASMSU, we take the responsibility of representing our student body very seriously. For this reason, we have taken a closer look at the organization’s overall composite of its student representation and staff employees. This is a part of the greater initiative of “ASMS(You)” for the 2017-18 academic year: to be intentionally thoughtful how we can better directly serve and represent the undergraduate student voice of our MSU community.

In September 2017, we asked all facets of the organization to take part in the survey. Students were not required to participate. This includes the General Assembly, Office of the President, Staff, Class Councils, and Student Allocations Board. In total, 116 students involved at that time chose to participate and answered a set of questions about their identity.

The ASMSU Demographic Report is a signal to our commitment to becoming a more diverse composition of student leaders at Michigan State University. Throughout the remainder of the year and looking to the future of the organization, we are committed to ensuring all students have an equal-opportunity to be employed, and represented at all levels in the organization.

I would encourage you and your fellow peers to take the opportunity to become a part of what we do every day in our all-university undergraduate student government: whether it is running for the spring elections to represent the voice of your peers, represent the specific needs of your class standing, being a voice in deciding our allocation of funds to student groups, or to serve as a staff member on our team each day. We are continuously looking to become an even greater organization based on the student involvement and diversity throughout the university community.

If you have questions about this demographic report, please reach out to our Liaison for Diversity and Inclusion Initiatives at diversity@asmsu.msu.edu. Thank you for entrusting us the duties to serve, represent, and offer you the best student experience at Michigan State University.

True yours,

Lorenzo Santavicca
