# IMPORTANT THINGS TO KNOW:

The presidential primary is on **Tuesday March 10th, 2020.**

If you are not registered to vote, scan this QR code to do so online!

You can only choose **ONE** political party's primary to vote in!

When you go to the polls, you will have to select which party's primary you want to vote in (Democrat or Republican). **This does not mean you are declaring a party.** You also **do not have to be registered to a political party to vote in that party's primary.** This simply means that you cannot vote in both primaries.

There are presidential candidates on the ballot that have already dropped out of the race.

This can be confusing, but it is because the clerks have to send out the military absentee ballots 45 days before any election, and so the ballot must be finalized well in advance. **As of the beginning of February, the following candidates are on the ballot, but have dropped out of the race.** You can still vote for these candidates, but the likelihood of them winning is relatively low because they dropped out. Because Michigan's primary is after multiple other states' primaries, it is likely that other candidates will have dropped out as well. Be sure to check before voting to see who is still in the race!

- Cory Booker (dropped out, but still on ballot)
- Julian Castro (dropped out, but still on ballot)
- Marianne Williamson (dropped out, but still on ballot)

Primary Day is different in different states. If you vote in another state,

be sure to **check which day you vote.**

If you want to register to vote, see what's on your district's ballot, or check on your election day, this is a great link to do so at: <https://www.vote411.org>.

**Even if you are not in town on election day, you can still vote in advance! Here's how:**

You can either request an absentee ballot (by typing into google "Absentee request Michigan Secretary of State") OR you can re-register online in East Lansing and vote here. Remember, you can switch your voter registration any time you want, and can switch back to your home district for the next election.

**REMEMBER: Landlords typically pay property taxes. Therefore, if you live in the dorms or in a rental apartment/house millages likely will not affect how much you pay in taxes at all.**

This is important for any county or city proposals you see on your ballot!!
