**A BILL TO: Advocate to Extend the Engineering Building Hours of Operations to
2 AM**

THE ASSOCIATED STUDENTS OF MICHIGAN STATE UNIVERSITY ENACT:

WHEREAS, The Engineering Building at Michigan State University is a crucial academic space for engineering students, providing access to computer labs, study spaces, and collaborative work areas; and,

WHEREAS, Like all MSU students, Engineering students engage in time-intensive coursework, group projects, and research that require extended access to university facilities beyond the current operating hours; and,

WHEREAS, The current building closure time of 12 am, midnight, is not compatible with the demanding schedules of engineering students because many students rely on late-night study sessions to complete assignments, conduct research, and prepare for exams; therefore be it,

RESOLVED, That the Associated Students of Michigan State University will advocate to Michigan State University College of Engineering to extend the operating hours of the Engineering Building to 2 AM in order to better support the academic success and well-being of engineering students.
